

Boonah Show

We were first up for the day, and the cattle didn't like it much, so didn't behave themselves well!

No Mayple, since she went home to Dennis and Ellie last week!, we missed her, she is a lovely example of the breed and composes herself very well at the shows!. But with more time, hopefully the younger girls will behave the same. The bull - Benny, was unsettled due to Miss Penny 'springing!', but Davo was composed and showed well.

A good response from interested show goers and a good day had by all.
